### 8.1 PIT-AREA

8.1.1. Each team will be provided with a staging area adjacent to the field of play.
8.1.2. No person appearing on the roster of a team may employ an electronic or mechanical device or voice enhancing device like a megaphone to communicate with any other person during any of the team's points.
8.1.3. No communication is allowed by anyone from the designated staging area to the active field of play during any team points. "Communication" at the referee's discretion may be determined to be non-verbal as in sounds, signals, physical gestures, etc.
8.1.3.1. Any such communication may result in a simple warning or up to a major penalty.
8.1.3.2. With the penalty to be assessed at the time of the infraction, the referee making the call will impose the penalty on the nearest active players of the team penalized.
8.1.4. Should a pattern of illegal communication be determined the team committing the infraction(s) is subject to fine and/or match forfeiture.
8.1.5. Only authorized, rostered, and checked in persons will be permitted in the staging area.
8.1.6. All players, staff, and authorized personnel must possess and display upon request their WPBO I.D. Failure to do so will result in access to staging area being denied, no exceptions.
8.1.7. Circumventing paddock and/or staging area security may result in ejection from the event and even future events at the discretion of the event organizer.
8.1.8. Coach.
8.1.8.1. Each team must have a designated coach. The designated coach must stay in the pit area all the time. If the designated coach is a player, he can function as coach only from the pit area. Only the designated coach may throw the towel, ask for a timeout or may ask for an explanation of a call (only to the Head ref, only if Head referee is off the field and only during breaks).

### 8.1.9. Choosing side

8.1.9.1. The starting bases should be the same as written in the games schedule.

### 8.2 PRE-GAME MARKER INSPECTION

8.2.1. All games will be preceded by a pre-game marker inspection, pursuant to which each player's marker will be chronographed and checked for compliance to the marker rules. Pre-game marker inspection will be performed on the field before the scheduled games.
8.2.2. The referees may take a player's marker and inspect it for the following:
(a) Presence of foreign matter in the barrel, feed port or loader (hopper);
(b) Any device, part, item, adjustment or lack thereof which would enable a player to increase either the velocity of the marker or change the shooting mode on the game field without resorting to the use of tools.
8.2.3. After a marker passes the above inspection, such marker may then be checked for bounce, runaway, velocity, rate of fire and illegal modes.
8.2.4. Marker Checking Procedure:
(a) "Runaway Guns" test-All markers will be checked for "runaway" triggers. The marker will be fired rapidly. The testing judge, while rapidly firing the marker will suddenly cease to pull the trigger. Any marker that fires more than 1 additional shot after the final trigger activation, with a maximum delay of 100 ms , will be deemed to be a "Runaway Gun" and will not be allowed on the field.
(b) Marker Velocity and rate of fire test - All markers will be chronographed prior to going onto the field. The maximum velocity allowed will be 300 feet per second. Markers rate of fire will be tested prior but not limited to the start of the match. The maximum rate of fire allowed will be 10.5 balls per second.
8.2.5. Players whose markers do not pass such inspection will be informed and will be given an opportunity to remedy the situation if the time permits.
8.2.6. Players who are unable to bring their markers into compliance with the rules on a timely basis, which allows the game to start according to schedule, may choose to enter the playing field without their markers and play the game or stay in the pit area.
8.2.7. All markers are subject to a more rigorous inspection in anytime of the game at the discretion of the Head Referee to check for compliance with the marker rules.

### 8.3 GAME START

8.3.1. Team may start the point with a short squad.
8.3.2. Players start the point inside the playing field boundaries with the muzzle (tip) of their barrels (or touching with the hand if they play without marker) touching the front of the base.
8.3.3. Any player false starting by removing the tip of the barrel of the gun (or hand) from the start gate before the start signal is given, will NOT be automatically pulled from the point, as long as they immediately return it to the gate (touch back).
8.3.4. Even if the signal goes before they have returned it, they may still return their barrel to the gate (touch back) and then can continue. If they fail to return the barrel to the gate (touch back) either before or after the start signal is given, they will be eliminated.
8.3.5. However, if a player posts their marker or fires it before or after the start signal regardless as to whether they later touch back, they will be eliminated in the normal manner.
8.3.6. Players must carry all equipment to be used during the course of the game on their person at the start of the game.
8.3.7. Players may remove their barrel socks after entering the field.
8.3.8. The Game time will begin to countdown at the start of the first point of the match.
8.3.9. Each team starts the first point of the match at the starting station on the same side of the field as the teams own pit area.
8.3.10. Switch ends

- Teams will switch which side of the field that they start on after every point scored.
- If a point is started but ends in a no-point (neither team scores), the teams do not switch sides in the following point.
- Each team will play the first point of the game on the side of the field where their pit is located. When the score of the both team adds up to an odd number, the teams will start on the far side of the field ( $1-0,2-1,3-0$, etc.). When the score of the game adds up to and even number, the teams will start on the close (pit side) side ( $0-0,2-0,4-2$, etc.).
- Teams will start overtime on their pit side of the field.
8.3.11. Break period (Pit-stop)
- A break period follows the conclusion of each point.
- The game time stops counting down for the duration of the break period.
- A standard break period is a minimum of two minutes.
- A break period may exceed two minutes in a split-deck format.
- The break time between the points of the two games being played in a split deck format maybe from 30 seconds till 2 minutes depends on the specific affiliate league rules.
8.3.12. The official game time will be kept with the countdown timer on the electronic scoreboard by the Ref Secretary.

### 8.4 START PROCEDURE

8.4.1. Point start.

- A clearly heard and recognizable signal (different from other sounds) should be given for the start of each point. When there is no electrical system using, start must be given by a whistle or any other similar device.
- All the infield referees lower their hands to confirm the point start.

### 8.5 ON FIELD CHRONOGRAPHING

8.5.1. Chronographing on the field may be done at any time, at the discretion of any Field Referee to determine if a marker's velocity has risen above legal limits or the Rate of Fire Cap is being exceeded. Referees will seek to perform on field chronographing in a manner which least interferes with play.
8.5.2. Players with markers chronographed during a game at 300 feet per second or less and shoots less or equal than one ball in $95 \mathrm{~ms}(10.5 \mathrm{bps})$ will continue to play without elimination or penalty.
8.5.3. Players with markers which velocity is over 300 feet per second but less than or equal to 310 feet per second will be eliminated from play.
8.5.4. Players with markers which velocity is over 310 feet per second, but less than or equal to 324 feet per second will be eliminated from play and given a Minor penalty.
8.5.5. Players with markers which velocity is 325 feet per second or above will be eliminated from play and given a Major penalty.
8.5.6. A player on the field of play whose marker fires two shots at 10.6 to 10.8 bps will be assessed a major penalty.
8.5.7. A player on the field of play whose marker fires two shots at 10.9 to 12.4 bps will be assessed a major penalty (assessed on the next point) and the point in which the infraction occurred will automatically go to the opposing team.
8.5.8. A player on the field of play whose marker fires two shots above 12.5 bps will be assessed a major penalty (assessed on the next point) and the point in which the infraction occurred will automatically go to the opposing team. The player who receives the penalty will be suspended for the rest of the tournament.
8.5.9. In all instances of on-field chronographing that results in a penalty, the referee will show the chronograph result to the player who was chronographed.

### 8.6 PAINT CHECKS

8.6.1. Paint checks are performed by referees for the purpose of determining if a paintball has broken on and marked a player.
8.6.2. Paint checks are performed by a referee when the referee has observed a player taking shots, or when shots are directed into an area occupied by a player that the referee cannot directly observe, when the physical location that a paintball may have broken on is not visible to the referee, or when the referee is directed to do so by another referee.
8.6.3. Referees may, but don't have to, make a paint check after a player has requested one.

### 8.7 TIMEOUT

8.7.1. Game timeout
(a) Each team is entitled to ask for one timeout of 1 minute per match.
(b) Designated Coaches should be the ones to call timeouts, made by informing either the Head Referee, the Scoreboard Operator, or by an electronic system.
(c) Timeout cannot be taken in the last 10 seconds before the start of a point.
(d) Teams may use their timeouts within the same break period.
(e) A Timeout, if available can be used before the overtime period.

### 8.7.2. Technical timeout

(a) Technical timeouts may be applied by maintenance staff or can be assigned by the Head referee for technical reasons.
(b) Technical timeout lasts as long as necessary for maintenance staff to solve technical problem on the field.
(c) If technical timeout must be taken during 10 seconds, after technical issue is fixed, time counting automatically starts from 10 seconds.

### 8.8 GAME INTERRUPTION

8.8.1. Game stoppages will only occur in case of an emergency, dangerous weather conditions, other "Acts of God" or a physical altercation on the game field.
8.8.2. In a situation where a false start happens due to a Referee mistake or miscommunication the Head Referee will stop the game and restart as if the game had never started.
8.8.3. All Field Referees will note the locations of the players at the time that the game is stopped. Once the game has been stopped, the Field Referees will insure that players remain in those locations. Once the condition causing the game stoppage has been resolved, all the live players are placed in the proper positions by the Field Referees, the Head Referee will restart the game in accordance with the procedures specified in game start section.
8.8.4. The referees calling "Time" will indicate game stoppages. Every player has to remain in the position he was in when the time call was made.
8.8.5. In the event that a game has to be interrupted because of an emergency, or otherwise, the Head Referee will stop the countdown timer. When the game is restarted the "Start" procedure of these rules will be used. Time will begin to run upon such restart.
8.8.6. In the event that a game has to be interrupted because of an emergency, the Head Referee may instruct all player to place their markers on the ground until he deems that field of play is once again safe.

### 8.9 BUZZER PUSH

8.9.1. There are buzzers installed on the bases.
8.9.2. Any live player can push the buzzer on the base.
8.9.3. When a player pushes the buzzer on the opposite team`s base, the time on the electronic scoreboard stops. If there is no scoreboard, then referees make a call "Time!" and the time is stopped. The game will automatically freeze and no player is allowed to leave his position. The player who pushes the buzzer will be paint checked.
8.9.4. During the chronographing for velocity infractions only one shot should be made. For the second shot made without the ref permission player will be eliminated.
8.9.5. If the player that presses the buzzer is found to have a hit on him or happens to be over the velocity limit of 300 fps , penalties will be assessed and if there any live players left the Head Referee will continue the game with a call "Game on!"
8.9.6. The player who pushes the buzzer will be checked for paint hits in any case, even if this player marks himself as eliminated after the buzzer push, accidentally or on purpose.
8.9.7. If the player that presses the buzzer is declared clean by the referee, a point will be awarded for that team.
8.9.8. If the player that presses the buzzer receives a penalty and there are not enough players to pull, the result will be an automatic point for the opposing team. The team who was assessed the penalty will also have to start the following point minus the amount of players that will fulfill the penalty.
8.9.9. If the player that presses the buzzer receives a penalty and the team has the exact number of active players to fulfill the penalty, leaving no active players on the field, it will result in a "no point" and no point will be awarded to any team.

### 8.10 TOWEL THROWING

8.10.1. At any time during the point, a team may decide to finish the point by throwing the towel and giving a point to the opposing team.
8.10.2. If a designated coach decides to throw the towel, he should loudly call "Towel" to the Head referee or Scoreboard operator.
8.10.3. After the "Towel" call the point will be finished automatically and a point awarded to the opposing team. Head referee announces the "Towel" call loudly so everyone is aware.
8.10.4. Fields may be equipped with an electronic system that can be used to "throw the towel".

### 8.11 LAST 60 SECONDS RULE

8.11.1. The 60 seconds rule is about the last sixty seconds of the match time and overtime.
8.11.2. During this period any penalty of Major or Gross Major stops the game time, and automatically gives point to the opposing team. The next point starts automatically according to the start procedure.
8.11.3. If in the last 60 seconds of regulation time a penalty is given, while the game has been stopped, a point will not be awarded due to this penalty, but other effects will apply.

### 8.12 OVERTIME

8.12.1. If a tournament decides to use an overtime period to determine a winner, three different overtime formats can be choose from.
8.12.2. The overtime format in which a WPBO tournament chooses to use must be determined and published before the start of the tournament.
8.12.3. If no overtime is used and if at the end of regulation time the teams are tied, the game will end in a tie.
8.12.4. Teams will start the overtime period on their pit side of the field.

## Overtime 1 (Used in Millennium Series prelim games)

8.12.5. If two teams are tied at the end of the match regulation time a 3 -minute 5 -on- 5 overtime is played.
8.12.6. The overtime period is sudden death; first team to score wins.
8.12.7. The " 60 seconds rule" applies in the last sixty seconds of overtime.
8.12.8. Should the overtime point end in a stalemate, the team with the most body's alive wins.
8.12.9. In the case that the two teams end the stalemated overtime with the same amount of player alive; the team with the active player who has advanced furthest down the field wins the match.
8.12.10. If the WPBO affiliate league had determined that teams must not end in a tie, then;
8.12.10.1. If the two teams furthest advanced active players are the same distance then, a coin flip will determine the winner.

## Overtime 2 (Elimination Rounds) (Quarterfinals, Semifinals, Finals, etc.) (Millennium Series)

8.12.11. If two teams are tied at the end of a match's regulation time, a 5 -minute 5 -on- 5 overtime is played.
8.12.12. The overtime period is sudden death; first team to score wins.
8.12.13. The " 60 seconds rule" applies in the last sixty seconds of overtime.
8.12.14. If the 5 -mintue overtime results in a stalemate, the two teams will each select a player to compete in a One-on-One.
8.12.15. The One-on-One will be two minutes and is sudden death; the first player to eliminate the opposing player or hit the buzzer at the opponent's base will win the match.
8.12.16. In case of a stalemate, neither player is eliminated and a buzzer in not hit, or the players are mutually eliminated, then the player who has advanced further downfield (player closest to the opponents base) wins the match.
8.12.17. If the two players have advanced the same distance there will be a break time of one minute and the teams must choose a different player to compete in a second One-on-One.
8.12.18. This will be repeated until a team wins a One-on-One.

Overtime 3 (Elimination Rounds) (Quarterfinals, Semifinals, Finals, etc.) (NXL PRO Division)
8.12.19. If two teams are tied at the end of a match regulation time, a 5 -minute 5 -on- 5 overtime is played.
8.12.20. The overtime period is sudden death; first team to score wins.
8.12.21. The " 60 seconds rule" applies in the last sixty seconds of overtime.
8.12.22. If the 5 -minute overtime results in a stalemate the two teams will each select a player to compete in a One-on-One.
8.12.23. The One-on-One will be 2-minutes and is sudden death; the first player to eliminate the opposing player or hit the buzzer at the opponent's base will win the match.
8.12.24. If in case of a stalemate in the One-on-One there will be a break time of one minute and the teams must choose a different player to compete in a second One-on-One.
8.12.25. This will be repeated until a team wins a One-on-One.

### 8.13 GAME END

8.13.1. A game will officially be considered over when the Head Referee announces the result after the occurrence of any of the game-ending situations. However, players and their equipment can still be inspected until they exit the field.
8.13.2. Point-ending situations are any one of the following:
(a) Abuzzer is pushed by a player;
(b) "Towel thrown" by opposite coach;

(d) If team starts to play with a bigger number of players then set by rules or by Head referee;
(e) If the last player gets penalized Minor, Major or Gross Major. In that case the point goes to the opposite team.
(f) If a player gets penalized Minor, Major or Gross Major, and the team does not have enough players to pull. In that case the point goes to the opposite team.
(g) If regulation game time comes to an end.
8.13.3. Players may not re-enter the playing field without the permission of a Field Referee.

## 9 HITS AND ELIMINATIONS

### 9.1 DEFINITION OF A HIT

9.1.1. A player is eliminated if a paintball fired from a paintball marker by a live player strikes that player or anything he is wearing or carrying and such paintball breaks and leaves a mark, regardless of the size.

- If the paintball strikes the player or anything he is wearing or carrying but does not break and leave a mark, such player is not eliminated.
- If a player is hit and marked by a paintball shot by an eliminated member of the opposing team, such player is not eliminated.
- If a paintball strikes another object first and breaks upon that object before marking a player or anything he is wearing or carrying, such player is not eliminated.
9.1.2. If the referee did not see the source of a paint marking a player has on him that resembles a hit, such player will be declared eliminated (penalties may apply). Generally, if the paint marking is reasonably solid, appears to be a direct hit - rather than smear, splatter, spray, paint from kneeled-on or sat-on paintballs, it will be considered a valid hit.
9.1.3. In the event two opposing players are hit and marked simultaneously, or if the referee cannot determine which player was hit and marked first, both players will be eliminated.
9.1.4. Referees will make every effort to wipe smear, splatter, spray, or paint from kneeled-on or sat-on paintballs off a player at the time they are inspected. If a player continues to play with such paint such player does so at the risk of being eliminated for wearing paint that resembles a valid hit.
9.1.5. Only referees will remove invalid hits, except that a player may remove an invalid hit on the lens of their goggle system with the permission of a referee.
9.2.1. Players are responsible for becoming aware of hits.
9.2.2. If being hit a player has to immediately cease play and signal his elimination. Failing to do so constitutes playing on.
9.2.3. If a player gets shot at and he cannot check for a hit by himself at certain locations (for example visor, throat, back, harness) he has to immediately cease play and call a referee for a paint check. Failing to do so constitutes playing on.
9.2.4. Players who are in motion and get shot at may continue to the nearest cover whenever there is such cover between them and the nearest opponent. Otherwise they must immediately turn their motion away from the opposition and stop. Upon arrival at such cover the player must immediately check himself for hits. Shooting, posting, communicating, failing to immediately check for a hit and failing to immediately signal his elimination, if indeed hit, will constitute playing on.
9.2.5. Players who are hit in locations that can be self-checked, may not call for a paint check. Calling for a paint check under such circumstances constitutes playing on.
9.2.6. Players who get shot in non-abandoned equipment to which they are separated less than 2 meters (except squeegees and pods) are considered hit.

### 9.3 ELIMINATIONS

9.3.1. Players will be eliminated if any part of their bodies or anything that they are wearing or carrying touches the ground outside the playing field boundary.
9.3.2. Players will be eliminated if they push out any tape or fencing used as a boundary line. The boundary markings will be considered to be in-bounds.
9.3.3. Players will be eliminated if they lose their goggles.
9.3.4. Players that are found with prohibited equipment on the field or those working on their markers in violation of the provisions specified in marker section will be immediately eliminated.
9.3.5. Players that separate themselves from any piece of equipment or clothing that they brought onto the game field by more than 2 meters, except squeegees, pods, harnesses and loaders will be immediately eliminated.
9.3.6. Players who pick up any equipment (also abandoned), which has a hit on it are considered eliminated.
9.3.7. Players that engage in unsportsmanlike conduct will be eliminated. Unsportsmanlike conduct includes, but is not limited to:
(a) Failure to obey a referee's call.
(b) Deliberate avoidance of a referee in a manner that prevents a referee from chronographing a marker on the field or prevents him from making a call.
(c) Shooting at referees.
(d) Shooting a clearly eliminated player with malicious intent to injure or intimidate.
(e) Excessive shooting which is defined as shooting a player more than is reasonably enough to effect elimination.
(f) Requesting paint checks to distract referees from checking themselves or teammates or to use referees to locate opposition players.
9.3.8. Players are responsible for removing old hits or bringing the same to the attention of a referee prior to game time, so that they may be dealt with in a manner that would not result in the elimination of the players.
9.3.9. Players that get eliminated, shall do following immediately after:
(a) Stop playing.
(b) Signal their elimination by putting one hand on their head.
(c) Leave the playing field with all equipment they were carrying at the time of their elimination by the most direct route off-field or any other route directed by a referee. Players that take routes that are not the most direct and that are meant to conceal from the other team such players' eliminations or players that refuse to follow a referee's direction on leaving the field will be considered to be "playing on".

10.2.2. Any team that is scheduled to oppose a team that has forfeited a game will receive maximum points and the maximum point difference according to the format (The mercy rule differential for the division will determine the maximum points). The forfeited team will receive the opposite score for that game.
10.2.3. Once a forfeit has been declared, the forfeited game will not be rescheduled and the score will stand, except if the reason for having missed the game was a fault from the organization staff and the relevant round is not over yet.
